*\* Note: Vehicles marked with an asterisk are produced in more than one country, but all models made in the United States are assembled by UAW members. To be sure the vehicle you are buying is assembled in the United States, check the window sticker, which will list the location of final assembly, and the Vehicle Identification Number (VIN), which is attached to the driver's side of the dashboard. A VIN beginning with "1," "4" or "5" means the vehicle was assembled in the United States.*
